STIL VOR TALENT
WATERGATE – ARTMINDING

BERLIN

A true sound explorer and dextrous merchant of time-proof melodic techno. Berlin's Annett Gapstream has been making waves in the scene for almost a decade. Drawn from gigs all over the world and a quite noteworthy discography, she originates a skillful game of balance while playing records. Her curious, fantasy-driven mind fuels the selfmade, somehow rebellious hunt about the next big thing, new directions and sounds within her field of deep and melodic house or techno. Starting producing her own music in 2017, Annett Gapstream meanwhile garnered accolades for her compositions, gracing the likes of some high-flying imprints including Stil vor Talent, Watergate Rec., Blindfold and Black Rose Rec. 2021 saw the birth of her record label Artminding, a platform set up to mirror her specific sound as well as shelter the ideas and visions of fellow artists.

Annett Gapstream's uplifting sets have taken her to all corners of the globe, from the Berlin mecca (Watergate, Kater Blau, ://aboutblank, Rummels Bucht, Kitkat) to Thailand, Colombia, Panama, via UK, Italy, Greece, France, Sweden, Denmark, Croatia, Turkey, Switzerland, Austria or Poland. Amongst the numerous festivals she has performed at over the years, let's quote Fusion, Bucht der Träumer, Habitat, Appletree Garden, Summer Contrast, Fest, Feel, Thairbreak, Sa Terza Metari, Aware, Am Bach, The Island, Pangea and Deichbrand.

After mastering the world famous Turmbühne - Annett Gapstream spent a lot of time in the studio the last months. The upcoming winter will unfold eg. a remix on Watergate Records and her first Vinyl EP on Artminding.
