

HIDDEN EMPIRE

TECH RIDER - LIVE & DJ

FOR DJ-Sets (min. 120 mins):

- 1x Mixer Pioneer DJM 900 NXS2 (also acceptable Pioneer V10 or DJM A9)
- 2x Pioneer CDJ 2000 NXS2 or CDJ 3000 (linked) - 3x CDJ's preferred
- 2x Stereo monitors adjustable from DJ mixer

FOR Live Set (max. 90 mins):

- Solid liveact table with enough space (90x200x100, height x width x depth in cm)
- Building up the live equipment at the DJ-Booth is **only acceptable** if there is plenty (2x1m) !!! **unused !!! space** → **see picture**
- 2x Stereo monitors adjustable from DJ mixer
- 5x power jacks (European wall socket)
- for flight travel: 2x hand luggage (min. 10 KG)

For an optimal performance 2x1m space at the DJ-Booth and a quality monitoring is essential. The artists system will be plugged directly in the DJ Mixer, so keep in mind to have at least one channel unused. Setting up or taking down the equipment (or half of it) shortly before or during the performance is **not acceptable!**

Important Notes:

1. No drinks near the equipment and not too many people in the booth during the performance.
2. No excessively vibrations on stage (due to jumping people on stage or subs under stage etc.)
3. For Outdoor: Sun protection on stage is essential!!!

In worst case one of the mentioned conditions above can cause a cancellation of performance.

If you can't provide any of the mentioned requirements, please let the agency as soon as possible.
For any questions please contact: contact@hiddenempire.net
